ZERO BRAND

**ZERO UV
ZERO RESIDUE
ZERO SCENT**

PRODUCTS TO MAXIMIZE SUCCESS

Many Atsko hunting products are used outside of hunting, where they satisfy diverse needs and markets. In order to refocus our labels on the needs of hunters, Atsko has created the ZERO™ line, with a common identity and message that stresses the features you depend on to maximize your success and comfort in the field. The ZERO™ labels will make it easier to find the most innovative, effective, and economical products in the hunting industry.

ZERO™ SPORT-WASH® LAUNDRY DETERGENT

Residue free laundry detergent rinses completely. Destroys odor. Eliminates rash, redness and skin irritation.

1338QZ

1338Z

- Completely destroys odors and removes your toughest stains from the hunt, such as soil, blood, and grass.
- Rinses completely leaving ZERO residue for animals to smell.
- Cleans and deodorizes. Leaves ZERO scent to alert deer.
- Optimize performance of carbon, silver, zeolite and all oxidizer odor control systems.
- Restores Performance features of High Tech Hunting Fabrics.
- Restores loft and effectiveness to down and synthetic insulation in your hunting gear.
- Restores wicking, breathability and rapid dry to keep your hunt dry.
- Contains ZERO fabric softener, UV brighteners, enzymes or fragrance.
- No detergent, not even Sport-Wash®, can remove UV brighteners. If brighteners are present, a single treatment with U-V-Killer® will stop the glow permanently.
- Recommended for H.E. and standard washers.
- Restores factory applied DWR type water repellents.
- Contains ZERO bleach, phosphate, fabric softener or enzymes.
- Readily biodegradable / septic safe. For all washables.

SPORT-WASH® ZERO™ HAIR & BODY SOAP

Eliminate human scent without cover scent.

The only Residue-Free Shampoo and Body cleanser. Sport-Wash® ZERO™ Hair & Body Soap is a clear gel. It creates rich lather to leave hair, skin, and scalp so clean it takes hours for odor causing bacteria to reappear. By rinsing completely it leaves ZERO behind to alert game, attract insects, or irritate skin. Even after weeks of regular use, it leaves you squeaky clean because it does not build a residue.

Other brands distinguish themselves by what they leave behind. You can feel it and smell it. These chemicals are easily detected by game animals and are far more obvious than the human scent you are trying to wash away.

Soap residue also nourishes re-growth of odor causing bacteria. Eliminate it all with Residue-Free Sport-Wash® ZERO™ Hair & Body Soap.

U-V-KILLER® ZERO UV™

The original product that can permanently eliminate the glow seen by animals.

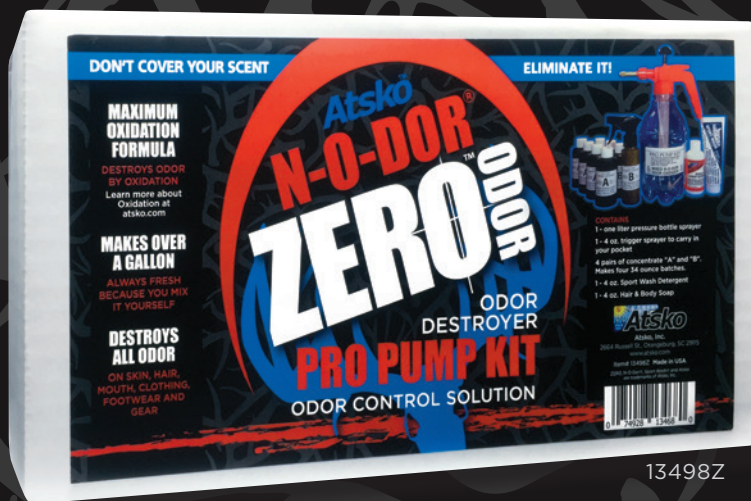

Animals can see the ultraviolet powered glow even if you don't move.

U-V-Killer® ZERO™ UV blocks ultraviolet reflection and luminescence. For all fabric, camouflage, and blaze orange. One bottle will treat two sets of hunting clothes.

All game animals, fish, and birds see UV and short blue wavelengths of light thousands of times brighter than humans. U-V-Killer® ZERO™ UV absorbs UV energy so it can't power-up the brighteners in material that has been treated.

Garments treated with U-V-Killer® ZERO™ UV may be washed again and again with ZERO™ Sport-Wash®, but a single washing in regular detergent will apply a new dose of UV brightening dye.

ZERO™ N-O-DOR® OXIDIZER PRO PUMP KIT

A & B concentrate mix with your water to create N-O-Odor Oxidizer.

The freshest and most economical way to ensure complete odor control coverage. ZERO™ N-O-DOR® uses nature's own process for destroying organic wastes. The unique package makes it possible for the hunter or outdoorsman to achieve on the spot odor control conveniently and economically. ZERO™ N-O-DOR® does not eliminate the need for cleaning your clothes and body, but rather provides a way to remove every trace of odor from your clothes & body while in the field.

Nature has always cleaned up her spent organic debris by oxidation. Now you can apply the same process whenever necessary.

ZERO™ N-O-DOR® will also destroy odors in your car, home or wherever a problem exists.

Liquid ZERO™ N-O-DOR® is the freshest and most effective scent eliminator spray available. This kit makes 4 liters (over a gallon) of Oxidizer, one liter at a time for maximum freshness. The system has been extensively field tested and modified based on feedback from successful users to maximize effectiveness, convenience and value.

ZERO™ N-O-DOR® has a shelf life of 4 years before mixing. After mixing (activation) it will remain effective for 6 to 12 months depending on storage conditions. Includes a pocket sprayer, Four 4 oz. bottles of each A & B, a 4 oz. bottle of Sport-Wash® Laundry Detergent and a 4 oz. tube of Sport-Wash® Hair & Body Soap.

ZERO™ N-O-DOR® OXIDIZER LIQUID ODOR DESTROYER

ZERO™ N-O-DOR® spray deodorizes clothing, hair, skin, breath, and all wettable surfaces quickly and safely by permanently oxidizing all organic molecules into odorless non-volatile compounds.

Always fresh because you don't activate it until you are ready to use it.

ZERO™ N-O-DOR® does not mask odors, but totally destroys them. The unique packaging assures absolute freshness with economy and ease of use. With ZERO™ N-O-DOR®, you are able to remain scent free all day. ZERO™ N-O-DOR® deodorizes all sports equipment, coolers, body armor, pet accidents, bathrooms, nurseries, and vehicles. Never cast a lure without deodorizing it with ZERO™ N-O-DOR®. The triple action oxidizer destroys odor molecules, the organisms that produce them, and the organic debris they feed upon.

13499Z

ZERO™ N-O-DOR® OXIDIZER PRO PUMP REFILL KIT

An economical refill kit for the ZERO™ N-O-DOR® Oxidizer Pro Pump Kit. Makes over a gallon. Always fresh because you mix it when you need it.

1347Z

ZERO™ N-O-DOR® X2 POWDER

Effective odor control without exposure to fragrances or antiperspirants. Use once a week to keep the nastiest shoes and boots under control. Contains Abscents™.

13496Z
